# **REPORT**

of the

## **BOARD OF MANAGEMENT**

For the Year Ended 31st December, 1945.

---

### **GENERAL.**

The Board of Management have pleasure in presenting the Fifty-second Report of the work and finances of the Hospital for the year 1945.

During the War years the enlarged Hospital rendered extensive service to sick and wounded members of His Majesty's Forces. The Board wish to record with gratitude their appreciation of the tremendous service willingly rendered by all members of the staff and volunteers who helped both in the reception and treatment of Service patients.

The cessation of hostilities brought to the fore the need for post-war planning and reconstruction. The Ministry of Health have carried out in various parts of the Country surveys of Hospital Services, and in the report for the North-Western Area the Victoria Hospital is described as "One of the few examples in the country of a complete new general hospital," and "It is a good and well-equipped hospital." These observations are a tribute to the foresight of those responsible for the establishment of the New Hospital and also to the generous public who have made such progress possible.

Great changes are foreshadowed in the provision of Hospital services—the exact nature of which cannot at the present time be foreseen, but the Donors and Subscribers may rest assured that the Board will take every step possible to maintain the Hospital at the highest stage of efficiency and development and to ensure that there is close co-operation with every agency in ensuring that patients receive the best possible treatment.

Here particular reference should be made to the close co-operation which exists between the Hospital and the Health Department of the Blackpool Corporation. The Board record with gratitude their thanks for the help which many departments of the Corporation give, particularly they wish to place on record, thanks and appreciation for a generous gift of land to increase the Hospital site thus ensuring that for all time there will be adequate room for the Hospital to develop to meet the needs of this growing district.

### **BLOOD TRANSFUSION SERVICE.**

The Board wish again to express their appreciation of the services rendered by the Blackpool and Fylde Blood Transfusion Service, and through them to thank the many donors who give blood and made possible a service which has undoubtedly saved many lives.

### **NURSES' HOME.**

Active steps are being taken to ensure that the building of the Nurses' Home will proceed at the earliest possible moment. Owing to the increased number of patient beds and the necessarily increased nursing and domestic staffs the provision of an adequate nurses' home is an urgent necessity.

In order to alleviate the position the Board have purchased and opened "Roughlea," 16, Empress Drive, as a Night Nurses' Home, and this has given considerable relief from the acute position which had arisen and has contributed to the comfort and well-being of the Staff.

## WORK OF THE YEAR.

Once again the Board express satisfaction that during the year the long list of patients awaiting admission has been reduced, but there still remains much to be done. Now that the number of service patients has been considerably reduced it is hoped that beds will become available for the reception of civilian patients who require treatment.

The work accomplished in the various Departments of the Hospital is set out below :—
